Just as we stand in solidarity  
with the people in the U.S who are  
navigating a post-roe world, we  
must stand in solidarity with  
Palestinians who do not have  
access to comprehensive sexual  
and reproductive health and  
rights under apartheid.

Menstruating without the basic decency of pads, tampons or  
decades. **Periods don't stop in a crisis**, and people in Gaza are  
Maternal and newborn health is far from the only concern.  
Insufficient supplies, resources, and equipment for sexual and  
reproductive health and rights were already a pressing issue in  
Gaza, which has been under Israeli occupation and blockade for

**in order to survive.**  
According to the UN, people are getting about 3 liters of water per  
day. For sexual and reproductive health, people are facing  
challenges in producing enough milk to breastfeed, as well as  
providing for and taking care of their families. **Malnutrition  
and dehydration forces pregnant people to make impossible choice**  
**in order to survive.**

**Israeli bombing.**  
Without anesthesia due to the dire lack of medical supplies.  
Stress-induced miscarriages, stillbirths, and premature births are  
all on the rise, and will continue to rise as long as there is  
violence. **Miscarriages in Gaza have increased by 300% under**  
**Israeli bombing.**  
Over 55,000 pregnant people in Gaza urgently need prenatal  
and postnatal care. People are forced to give birth in cars, tents,  
and shelters. Some people have no choice but to undergo a c-section

**Conflict everywhere is a reproductive issue.** The unavailability  
In Palestine, people have faced sexual and reproductive rights  
denial to comprehensive sexual and reproductive rights since long before  
Gaza Strip in October. Facing complications like  
sanitary camp conditions.

**Higher Palestinian fertility options for IUD removal in Gaza,**
