ARTISTS

FOR THE REVOLUTION

We have never & will never use AI to create.

Founded in 2025, Hoosiers Rise
started with several independent
groups all trying to solve the
same problem: how do we take the
overwhelming flood of protest info
and turn it into something clear,
shareable, and easy to act on?

We came together to combine our
efforts and built a free, accessible,
statewide system designed to
amplify the resistance and fuel
collective action.
